

JSS T8 LED Tube Lights DATASHEET

Features:

Green Illumination: No strobing during working, fast response (no delay) , no damage with frequency switching.

Energy saving 62% than conventional fluorescent light.

Circuit design: Safe and advanced constant current circuit design. It is not only small measurement , but also high efficiency and high power factor.

Warranty 2 years

Clear cover

Frosted cover

Model No.	Length	Power	Specification	Color Temperature
JSS-LT8-009-AW-W-02F	60cm / 2ft	9W	1.Wattage: 9 W 2.Voltage: AC100-277V 3.Light source: Epistar 4.Type: Frosted 5.Lumens:830lms 6.Color: 5500-6000K, Pure white 7.View Angle:120° 8.Material: Aluminium +Milky PC 9. isolated driver with capacitor	White 5500K
JSS-LT8-018-AW-W-04F	120cm / 4ft	18W	1.Wattage: 18 W 2.Voltage: AC100-277V 3.Light source: Epistar 4.Type: Frosted 5.Lumens:1960lms 6.Color: 5500-6000K Pure white 7.View Angle:120° 8.Material: Aluminium +Milky PC 9. isolated driver with capacitor	White 5500K
JSS-LT8-022-AW-W-05F	150cm / 5ft	25W	1.Wattage: 25 W 2.Voltage: AC100-277V 3.Light source: Epistar 4.Type: Frosted 5.Lumens:2200lms 6.Color: 5500-6000K Pure white 7.View Angle:120° 8.Material: Aluminium +Milky PC 9. isolated driver with capacitor	White 5500K

REMARKS: Please specify the PC cover and color temperature before purchasing.
